BUFFALO'S WESTSIDE FOOD PANTRY COALITION

About

The Westside Food Pantry Coalition meets once a month to discuss how to provide and distribute resources effectively to the community in need while improving the lives of individuals in our neighborhood.

Our Goals

- To service all registered members at the time and place most convenient to their availability.
- To distribute a three day supply of food to registered members, following HPNAP guidelines, on their first monthly visit at any pantry in the coalition.
- To communicate and acquire resources between agencies to ensure adequate inventory is available to meet clients' needs.
- To operate at varying schedules improving access to community services in this community.
- To respect and help all individuals in need of assistance, leaving no individuals behind.
