Dear Community Members,

Friends of Night People are saddened by the passing of Lawrence Bierl who has experienced homelessness in our community. A Facebook Donate Button in Lawrence Bierl's memory was established by Hope Rises News a community supporter, and FONP has learned today that the funds obtained via this page will benefit our organization. We would like to thank the community for their donations of which 100% will be used towards funding community awareness in partnership with the WNY Coalition for the Homeless during the upcoming months and years in an effort to reduce homelessness in WNY.

For contact information please call or email:
